

FIRST ANNUAL

JOHN BECKER SKILLS ACADEMY

JUNE 25-29, 2018

This camp is designed to develop and improve the fundamental skills necessary to play basketball at the next level. This skills academy will differ from our traditional camps in the sense that we will focus more on the the individual skills and the proper team tactics and less on game situations. This camp will give kids in grades 5-8 a great opportunity to kick start their basketball skills in every aspect before their high school careers begin.

When discussing our teams individual player development, Coach Becker realized that opportunities for the kids in the area were limited and felt obligated to help the local community that supports us. Our UVM players and coaches will be teaching you the same drills that we put them through during their individual workouts and team practices.
